Keep your friends close Better bombs:Place directional bombs using 4 action buttons and compose beautiful chain explosions at your command! If you're smart.. There are three main parts to it:- Added public online multiplayer- Added start menu (choose between Tutorial, local multiplayer and online multiplayer)- Added online lobby list- Reworked the Lobby System- Turned down the volume of the explosion sound and removed the bass- Removed the friendlist overlay and the invite system- Fixed a bug where the game would crash when a player leaves the lobby- Fixed a bug where the wrong buttons were shown in the lobby- Fixed a bug where the victory screen was empty after 5 rounds leading to an endless loop- Online: Fixed a bug where a player could add a second player to the online multiplayer, causing errors- Online: Fixed a bug where the match settings wouldn't synchronize correctly with the players- Online: Fixed a bug where the game would crash when a player tried to rejoin the lobby- Online: Fixed a bug where your character would change every time a player joins the lobby- Online: Fixed a bug where different players were able to win a game at the same time- Online: Fixed a bug where some players rounds were over while other players are still in a gameThank you for both the lovely and fierce feedback.. We hope you enjoy it a lot!Now go blow something up!Ify Labs Update 0 4 1 is out now.. Thanks to everyone that took the time to give us feedback and help us refine our very first commercially released game.. :Only one week after starting Early Access, we release our first update to the game.
